

### STEP THREE Mystery Quilt 2017

Pair up a 10" strip set square with a 10" Layer Cake square, **RIGHT SIDES TOGETHER**. Draw a diagonal line from corner to corner. Sew 1/4" on **EACH** side of the diagonal line. Cut apart **ON** the **DIAGONAL LINE**. Open and press seam **AWAY** from the strip set. **REPEAT** with each set to make a total of 64 **HALF-SQUARE TRIANGLES**.

**NOTE:** Unless you know how you are going to layout your quilt top, it doesn't matter which way the strip set is going - up and down, or across.

**SQUARE** up each Half-square triangle to be 9-1/2" **OR** if your new squares are smaller, that is ok. Square up all the new half-square triangles to measure the same...**9"**, or **9-1/4"**, or **9-1/2"**. Make sure they all measure the same after you square them up.

**NOTE:** Place the diagonal line on your square ruler **ON** the diagonal line of the half-square triangles to square up your new block.
